

I'm writing to let the FCC know how much I appreciate K-LOVE radio. I enjoy the safe, positive, encouraging programs all day long. If K-Love were to be replaced by LPFM, the community would be hurt by the loss of their positive programming. K-Love's programming is in the public interest because they encourage all those who listen. It would be extremely sad if K-love were to go off the air due to LPFM. Please consider how many of us are blessed and benefited by their wonderful programs.
